EDUCATION

B.Tech in Computer Science Engineering (AI & ML) Graphic Era Hill University, Dehradun	2022 – 2026	CGPA: 8.79
Senior Secondary (Class XII) D.D. High Secondary School, Jammu & Kashmir	2022	96.4%
Secondary School (Class X) D.D. High Secondary School, Jammu & Kashmir	2020	97%

TECHNICAL SKILLS

- **Languages:** Python, Java, SQL, C++, C
- **Web Technologies:** HTML, CSS, JavaScript, REST APIs
- **Frameworks:** FastAPI, Streamlit, Scikit-learn, TensorFlow, Leaflet.js
- **Databases:** MySQL, PostgreSQL
- **Tools & Platforms:** Git, GitHub, Jupyter Notebook
- **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming, Machine Learning, NLP

PROJECTS

AI-Powered Flood Evacuation Planning System *FastAPI / Leaflet.js / OpenStreetMap / ML*

- Designed and developed a flood evacuation planning system using FastAPI, Leaflet.js and OpenStreetMap.
- Implemented graph-based routing to generate Safe, Shortest and Balanced evacuation routes.
- Integrated machine learning-based flood risk prediction using historical flood raster and weather data to improve route safety.

HorizonShell – Custom Linux Shell with GTK GUI *C / GTK / Linux*

- Developed a custom Linux shell supporting built-in and external command execution.
- Implemented command history, tab completion and I/O redirection using Linux system calls.
- Designed a GTK-based graphical interface for improved usability.

Email Spam Detection *Python / NLP / Streamlit*

- Built an NLP-based spam classifier with an end-to-end preprocessing pipeline.
- Compared Decision Tree, Random Forest, KNN, Naive Bayes, and SVC models to identify the highest-performing classifier.
- Achieved 98.10% accuracy, 96.39% precision and 97.35% recall.

Emotion Detection from Text *Python / CNN / TensorFlow / NLP*

- Designed and trained a CNN model for emotion classification from social media text after NLP-based preprocessing.
- Implemented NLP preprocessing and feature engineering for model training.
- Achieved 93.24% training accuracy and 91.23% test accuracy.

CERTIFICATIONS

- **Google:** Professional Machine Learning Engineer (Valid: Aug 2024 – Aug 2026)
- **DataCamp:** SQL Associate (Issued: Dec 2024)
- **SLOG Solution:** Machine Learning with Python
